

CA Open License Program™ Version 2.0

Welcome to OLP

Dear Valued OLP Client,

Congratulations on joining the Computer Associates Open License Program (OLP). The enclosed OLP Solutions Kit has everything you need to successfully deploy CA solutions and to reap the full benefits of your membership.

Your OLP Solutions Kit Includes:

- OLP Program Overview
- Getting Started Guide
- OLP License Certificate with Your Unique License Number
- Your Order of Product CD(s) for Installation
- More than 20 FREE CA Workgroup and Advanced Edition Product Trial CDs
- Information on CA Services – Remote Deployment and Education Courses

Use your **Unique License Number** printed on the **OLP License Certificate** to order any CA products or services. Simply provide your authorized reseller with this number each time you order CA products, and you'll automatically receive your established OLP discount for the next two years.

Your OLP Solutions Kit contains 20 free software trials. This software can be easily converted into fully licensed product without reinstallation. Just call your reseller to purchase a CA keycode*.

Windows 2000 Support

CA will provide Windows 2000 support for most of its existing products. For a comprehensive listing of Windows 2000 ready products, visit www.ca.com/products/win2000/products_list.htm.
